

ALMA DIAMOND ecopelle, econabuk, pelle / *ALMA DIAMOND eco-leather, eco-nabuk, leather*

Design Antoy Filips

Alma Diamond è la madia contemporanea con ante trapuntate dallo stile moderno ed essenziale. Progettata dal designer Antoy Filips la Alma Diamond è stata pensata in due diverse dimensioni per adattarsi allo spazio e alle esigenze di ognuno, ed è disponibile in versione madia a 2 o a 3 ante trapuntate. Questa madia di design è sostenuta da quattro piedi in metallo verniciato nero V01, la struttura e le ante si presentano rivestite in pelle, ecopelle o econabuk, mentre il ripiano è in legno impiallacciato o ceramica. Ricopre perfettamente la funzionalità contenitiva per la quale è stata pensata e nasconde al suo interno ripiani in cristallo fumè, dove riporre e custodire i propri oggetti personali. Nella versione a due ante, Alma High, obbligatoriamente fissata a muro, troverà un interno con specchio di bronzo. Questa soluzione contenitiva moderna, è il complemento d'arredo ideale per decorare il disimpegno dell'ingresso o le pareti di salotto o sala da pranzo. Disponibile anche nella versione senza ante trapuntate: la madia Alma.

Alma Diamond is a contemporary sideboard with quilted doors and a modern, essential style. Designed by Antoy Filips, Alma Diamond comes in two different sizes to adapt to any space and need, and is available in a version with 2 or 3 quilted doors. This designer sideboard is supported by four black V01 painted metal feet, while the structure and doors are covered in leather, eco-leather, or econabuk, and the shelf is made of veneered wood or ceramic. It perfectly fulfills its function as a storage unit and hides smoked glass shelves inside to store personal belongings. In the 2-door version, Alma High, which must be wall-mounted, it features a bronze mirror interior. This modern storage solution is the ideal furniture complement to decorate the entrance hallway or the walls of living rooms or dining rooms. Also available in a version without quilted doors: the Alma Sideboard.

FINITURE/FINISHES

Attenzione: il prodotto finito può presentare delle lievi variazioni di colore rispetto ai campioni forniti dall'azienda. I colori visualizzati sono puramente indicativi e possono variare rispetto alla realtà. Rivolgersi ad EFORMA o al proprio rivenditore di fiducia per ricevere maggiori informazioni. EFORMA si riserva di apportare modifiche e/o migliorie di carattere tecnico ed estetico ai propri modelli e prodotti in qualsiasi momento e senza preavviso. / *Attention: the final product may show slight variations in colour compared to the samples supplied by the company. The colours displayed are indicative and can vary in reality. Please contact EFORMA or your preferred retailer for more information. EFORMA reserves the right to change and/or apply technical and esthetical improvements to its models and products at any time without any notice.*

Metallo/Metal

I metalli della nostra collezione vengono verniciati a polvere così da rivestire le nostre superfici a scopo decorativo e protettivo. Lo spessore finale della verniciatura a polveri, risulta particolarmente elevata contribuendo ad una serie di rilevanti vantaggi sul prodotto verniciato: resistenza meccanica, resistenza agli agenti corrosivi, scarsa infiammabilità, precisione nell'applicazione. Le verniciature a polveri utilizzate sono totalmente atossiche e prive di solventi, per questo motivo la verniciatura a polveri è una lavorazione ECO-FRIENDLY, a bassissimo impatto ambientale. Disponibile la versione cromata dove il metallo o l'alluminio vengono rivestiti di cromo, conferendogli così durezza, resistenza chimica e resistenza all'ossidazione. / *The metals in our collection are powder coated in order to coat our surfaces for decorative and protective purposes. The final thickness of the powder coating is particularly high contributing to a series of advantages for the painted product: mechanical resistance, resistance to corrosive agents, low flammability, precision in the application. The powder coatings used are non-toxic and solvent-free, for this reason powder coating is an ECO-FRIENDLY process, with a very low environmental impact. The chrome version is available where the metal or aluminum is coated with chrome, giving it hardness, chemical resistance and resistance to oxidation.*

Cristallo/Glass

I cristalli utilizzati da EFORMA vengono temprati come richiedono e prescrivono le norme antinfortunistiche. Le lastre di vetro colorato, soprattutto nelle superfici più ampie, possono presentare dei piccoli puntini che sono dovuti alle caratteristiche di lavorazione, ai processi di verniciatura ad alte temperature ed a reazioni naturali del cristallo. Tali irregolarità non possono in alcun modo essere considerati difetti ma naturali variazioni in un processo di lavorazione molto sofisticato e delicato. / *The glasses used by EFORMA are tempered as required and prescribed by accident prevention regulations. The sheets of colored glass, especially in larger surfaces, may have small dots that are due to the characteristics of its processing, of the painting process at high temperature and the natural reactions of the crystal. These irregularities can in no way be considered defects but natural variations in a very sophisticated and delicate process.*

Marmo/Marble

Il marmo naturale che viene utilizzato per le nostre collezioni, deriva da lastre accuratamente selezionate e lavorate facendo così esaltare i suoi colori e i suoi cristalli. Ogni materiale naturale va visto come pezzo unico e le diverse lastre possono presentare variazioni di colore e struttura. / *The natural marble that is used for our collections, comes from carefully selected and processed slabs, thus enhancing its colors and crystals. Each natural material should be seen as a unique piece and the different slabs may present variations in color and structure.*

Legno/Wood

Il legno che viene utilizzato è tra i migliori che esistono sul mercato europeo. Viene lavorato con le migliori tecniche garantendo così resistenza e durata. / *The wood which is used is one of the best available in European markets. It is worked with the best techniques guaranteeing resistance and durability.*

LEGGNO IMPIALLACCIATO/VENEERED WOOD

I piani impiallacciati nelle varie essenze, sono accuratamente selezionati e aggiuntati utilizzando fogli rigati e fiammati. Piccole variazioni di colore testimoniano l'autenticità di ogni singola pianta. Sulla superficie vengono applicate vernici opache trasparenti. / *The veneered tops in their various essences, are carefully selected and added by using striped and flamed sheets. Small variations of color testify to the authenticity of each plant. Transparent opaque varnishes are applied to the surface.*

LEGGNO MASSELLO/SOLID WOOD

Il legno utilizzato è un materiale di pregio che si caratterizza principalmente per la resistenza all'usura e per l'estetica. Durante il suo ciclo di crescita, sviluppo e maturazione, il legno si evolve nelle sue qualità come il cambio nel colore, nei nodi, e nelle vene. Essendo un materiale vivo, e naturale, può presentare delle variazioni di vene e di tonalità. / *The wood used is a valuable material that is mainly characterized by its wear resistance and its aesthetics. During its cycle of growth, development and maturation, the wood's qualities. Evolve showing a change in color, in the knots, and in the veins. Being a living, natural material, it can present variations in veins and shades.*
