

BEA

Design Antoy Filips

Bea è la sedia minimale e contemporanea che saprà inserirsi piacevolmente in contesti dallo stile moderno senza mai sfigurare. Questa sedia minimale imbottita nasce dall'estro creativo del designer Antoy Filips che l'ha pensata con un rivestimento non sfoderabile disponibile in diverse opzioni: pelle, ecopelle o tessuto. A sostenerla quattro solide gambe in metallo che possono essere verniciate o completamente rivestite. La sedia Bea è definita da forme leggere e slanciate che la rendono facilmente collocabile sia all'interno di spazi residenziali che in ambienti di lavoro. Per un arredamento di carattere la sedia Bea trova il suo posto accanto ad un tavolo scultoreo come il tavolo Rotolo con top in marmo.

Bea is the minimal and contemporary chair that will be able to fit pleasantly into contexts with a modern style without ever being out of place. This minimal padded chair was born from the creative inspiration of designer Antoy Filips who designed it with a non-removable cover available in different options: leather, eco-leather or fabric. It is supported by four solid metal legs that can be painted or completely covered. The Bea chair is defined by light and slender shapes that make it easy to place both within residential spaces and in work environments. For furnishings with character, the Bea chair finds its place next to a sculptural table such as the Rotolo table with marble top.

FINITURE/FINISHES

Attenzione: il prodotto finito può presentare delle lievi variazioni di colore rispetto ai campioni forniti dall'azienda. I colori visualizzati sono puramente indicativi e possono variare rispetto alla realtà. Rivolgersi ad EFORMA o al proprio rivenditore di fiducia per ricevere maggiori informazioni. EFORMA si riserva di apportare modifiche e/o migliorie di carattere tecnico ed estetico ai propri modelli e prodotti in qualsiasi momento e senza preavviso. / *Attention: the final product may show slight variations in colour compared to the samples supplied by the company. The colours displayed are indicative and can vary in reality. Please contact EFORMA or your preferred retailer for more information. EFORMA reserves the right to change and/or apply technical and esthetical improvements to its models and products at any time without any notice.*

Metallo/Metal

I metalli della nostra collezione vengono verniciati a polvere così da rivestire le nostre superfici a scopo decorativo e protettivo. Lo spessore finale della verniciatura a polveri, risulta particolarmente elevata contribuendo ad una serie di rilevanti vantaggi sul prodotto verniciato: resistenza meccanica, resistenza agli agenti corrosivi, scarsa infiammabilità, precisione nell'applicazione. Le verniciature a polveri utilizzate sono totalmente atossiche e prive di solventi, per questo motivo la verniciatura a polveri è una lavorazione ECO-FRIENDLY, a bassissimo impatto ambientale. Disponibile la versione cromata dove il metallo o l'alluminio vengono rivestiti di cromo, conferendogli così durezza, resistenza chimica e resistenza all'ossidazione. / *The metals in our collection are powder coated in order to coat our surfaces for decorative and protective purposes. The final thickness of the powder coating is particularly high contributing to a series of advantages for the painted product: mechanical resistance, resistance to corrosive agents, low flammability, precision in the application. The powder coatings used are non-toxic and solvent-free, for this reason powder coating is an ECO-FRIENDLY process, with a very low environmental impact. The chrome version is available where the metal or aluminum is coated with chrome, giving it hardness, chemical resistance and resistance to oxidation.*

Legno/Wood

Il legno che viene utilizzato è tra i migliori che esistono sul mercato europeo. Viene lavorato con le migliori tecniche garantendo così resistenza e durata. *The wood which is used is one of the best available in European markets. It is worked with the best techniques guaranteeing resistance and durability.*

LEGNO MASSELLO/SOLID WOOD

Il legno utilizzato è un materiale di pregio che si caratterizza principalmente per la resistenza all'usura e per l'estetica. Durante il suo ciclo di crescita, sviluppo e maturazione, il legno si evolve nelle sue qualità come il cambio nel colore, nei nodi, e nelle vene. Essendo un materiale vivo, e naturale, può presentare delle variazioni di vene e di tonalità. *The wood used is a valuable material that is mainly characterized by its wear resistance and its aesthetics. During its cycle of growth, development and maturation, the wood's qualities. Evolve showing a change in color, in the knots, and in the veins. Being a living, natural material, it can present variations in veins and shades.*
