

LENNY_4 gambe metallo / LENNY_4 metal legs

Design CSR Eforma

Lenny con gambe in metallo è la sedia raffinata definita da uno stile unico e particolare: saprà accogliere e conquistare gli ospiti tra le mura di casa o di lavoro. La sedia raffinata Lenny con gambe in metallo fa parte della linea di sedute Lenny realizzate dal design CSR Eforma: una poltroncina imbottita realizzata con gambe in metallo verniciato e personalizzabile nel rivestimento, non sfoderabile, che è disponibile in pelle, ecopelle o tessuto. Per creare un contrasto vincente, la sedia Lenny con gambe in metallo si colloca perfettamente in ambienti con dettagli in legno pregiato, come pavimenti e mobili di design. La sedia Lenny con gambe in metallo è disponibile anche in altre versioni per soddisfare le esigenze di stile e di arredo, come Lenny con gambe a trespolo in legno, Lenny con gambe in metallo e Lenny Cantilever.

Lenny with metal legs is the refined chair defined by a unique and particular style: it will be able to welcome and win over guests within the walls of your home or work. The refined Lenny chair with metal legs is part of the Lenny seating line created by the CSR Eforma design: a padded armchair made with painted metal legs and customizable in the non-removable covering, which is available in leather, eco-leather or fabric. To create a winning contrast, the Lenny chair with metal legs fits perfectly in environments with fine wood details, such as floors and designer furniture. The Lenny chair with metal legs is also available in other versions to satisfy style and furnishing needs, such as Lenny with wooden trestle legs, Lenny with metal legs and Lenny Cantilever.

The colours displayed are indicative and can vary in reality. Please contact EFORMA or your preferred retailer for more information. EFORMA reserves the right to change and/or apply technical and esthetical improvements to its models and products at any time without any notice.*

Metallo/Metal

I metalli della nostra collezione vengono verniciati a polvere così da rivestire le nostre superfici a scopo decorativo e protettivo. Lo spessore finale della verniciatura a polveri, risulta particolarmente elevata contribuendo ad una serie di rilevanti vantaggi sul prodotto verniciato: resistenza meccanica, resistenza agli agenti corrosivi, scarsa infiammabilità, precisione nell'applicazione. Le verniciature a polveri utilizzate sono totalmente atossiche e prive di solventi, per questo motivo la verniciatura a polveri è una lavorazione ECO-FRIENDLY, a bassissimo impatto ambientale. Disponibile la versione cromata dove il metallo o l'alluminio vengono rivestiti di cromo, conferendogli così durezza, resistenza chimica e resistenza all'ossidazione. / *The metals in our collection are powder coated in order to coat our surfaces for decorative and protective purposes. The final thickness of the powder coating is particularly high contributing to a series of advantages for the painted product: mechanical resistance, resistance to corrosive agents, low flammability, precision in the application. The powder coatings used are non-toxic and solvent-free, for this reason powder coating is an ECO-FRIENDLY process, with a very low environmental impact. The chrome version is available where the metal or aluminum is coated with chrome, giving it hardness, chemical resistance and resistance to oxidation.*

Legno/Wood

Il legno che viene utilizzato è tra i migliori che esistono sul mercato europeo. Viene lavorato con le migliori tecniche garantendo così resistenza e durata. *The wood which is used is one of the best available in European markets. It is worked with the best techniques guaranteeing resistance and durability.*

LEGNO MASSELLO/SOLID WOOD

Il legno utilizzato è un materiale di pregio che si caratterizza principalmente per la resistenza all'usura e per l'estetica. Durante il suo ciclo di crescita, sviluppo e maturazione, il legno si evolve nelle sue qualità come il cambio nel colore, nei nodi, e nelle vene. Essendo un materiale vivo, e naturale, può presentare delle variazioni di vene e di tonalità. *The wood used is a valuable material that is mainly characterized by its wear resistance and its aesthetics. During its cycle of growth, development and maturation, the wood's qualities. Evolve showing a change in color, in the knots, and in the veins. Being a living, natural material, it can present variations in veins and shades.*
